

U.R.S.A., TEDDY

Dr. Scoresby, do you still have your access card?

SCORESBY, LAUREL

No, but I stole a handful from the cryo room's desk. There's one in there for an engineer that was involved in the last vivisection... incident.

U.R.S.A., TEDDY

That'll work.

SCORESBY, LAUREL

Hello? Is anyone in here?

U.R.S.A., TEDDY

Doesn't look like it.

SCORESBY, LAUREL

There shouldn't be any exit points from this room. That would've been a safety hazard.

U.R.S.A., TEDDY

There are the vents, though.

SCORESBY, LAUREL

They have industrial fans inside of them?!

U.R.S.A., TEDDY

You can take those out, if you know how.

FAIRWEATHER, HENRI

[Distant screaming]

AMSEL, CLARK

[Concerned] Henri?

U.R.S.A., TEDDY

There's an artificer ID tag at the top of the elevator shaft.

SCORESBY, LAUREL

But those haven't been in circulation for years.

U.R.S.A., TEDDY

No, but they do keep a storage box of the extra blanks in the photocopy room.

AMSEL, CLARK

Why keep the extra blanks?

U.R.S.A., TEDDY

Dave confiscated them to examine for the fault in the chip cards that got them taken out of circulation to begin with. They were supposed to be thrown out, but the person in his role beforehand didn't ever get around to doing it.

SCORESBY, LAUREL

[Concerned] Should we be going back for Henri??

AMSEL, CLARK

I don't know- Whatever happened didn't sound good...

U.R.S.A., TEDDY

So we're just leaving him behind?

AMSEL, CLARK

I don't want to, but... What else can we do?

U.R.S.A., TEDDY

That doesn't seem like a very nice thing to do.

Well, there's no one here. We should leave before you two freeze like popsicles.

AMSEL, CLARK

How are we going to get out?

SCORESBY, LAUREL

There's always the external loading bays- but we don't exactly have the right equipment for an EVA.

U.R.S.A., TEDDY

You could take Tom's doors.

SCORESBY, LAUREL

Tom's doors?

U.R.S.A., TEDDY

There were a series of false walls installed during the composition of the ISS Pathfinder. Tom found them over the years, and he uses them to get around faster than using the elevator, or suiting up.

SCORESBY, LAUREL

And you're familiar with these passageways?

U.R.S.A., TEDDY

I mean, I think so. I could probably figure it out. They're not listed officially on any of the maps.

SCORESBY, LAUREL

So we'd be going in more or less blind.

U.R.S.A., TEDDY

I've been on them before! Dave took me.

SCORESBY, LAUREL

Right. Dave.

AMSEL, CLARK

If we use those, would we be able to get down to Henri?

U.R.S.A., TEDDY

Maybe? We never went down into the actual shafts, but there's a pool table room down there somewhere that Tom used to watch movies in and practice pool with some of his friends, which shouldn't be too far from an official entrance.

AMSEL, CLARK

Alright..
